BIBLE GIVES HINT FOR MAKING T. N. T., SPEAKER STATES

Lecturer at Tuesday Club Says
Good Book Refers to Autos,
Airplanes, Submarines

By CORINNE E. ORFF
An important feature in connection with the manufacture of the explosive T. N. T. is the foretold in the Bible!
Impossible, you say? No, for according to the interpretation by scientists of certain portions of the Book, as explained by Miss Winifred Rouzee in her talk yesterday afternoon before the members of the Tuesday Afternoon club on "The Bible and World Events Past, Present and Future," it was by bringing T. N. T. to a temperature 4 degrees above freezing point that the impurities in the same, which was responsible for many of the disasters in connection with the shipment of this explosive, were removed.

The portion of the Bible referred to by Miss Rouzee in her explanation of this point was chapter 38:22, 23 of Job. "Hast thou entered into the treasures of the snow? or hast thou seen the treasures of the hail which I have reserved against the time of trouble, against the day of battle and war?"

This was only one of the many instances related by Miss Rouzee in her most interesting lecture.

Yesterday's meeting was in charge of the president, Mrs. C. E. Hutchinson. Mrs. B. O. Holbrook, general curator, announced the following section meetings:

Literary, Monday, May 8, at home of Mrs. J. E. Sargent, 509 North Kenwood street; music, Friday, April 28, at home of Miss Eva Daniels at 324 West Colorado street; Shakespeare, Monday, May 1, at home of Mrs. A. H. Montgomery, 415 South Central avenue; drama, Friday, May 5, at home of Mrs. Albert Peirce, 119 West Lexington; parliamentary law, Wednesday, May 3, home of Mrs. C. A. Redmond; arts and crafts, at library, Thursday, May 4, at which time lustre china painting will be taken up.

To Aid Building Fund
Mrs. A. M. Williams, chairman of ways and means, presented a plan for raising money for the building fund to take the place of the society circus which had been abandoned, and which was adopted by the club. A member to member canvass will be made for donations, and thus each member of the club will have an opportunity to help. The membership of the club, it was stated, is about 600 and the aim is to raise \$20,000.

Mrs. J. C. Dunn, secretary, read a letter from the California Federation of Women's Clubs, Department of American citizenship, regarding "Better Pictures Week," May 7-15. Mrs. Hutchinson urged the importance of censoring films in the homes and stated that as part of the work (Continued on Page 5)

Charles E. Field of Burbank Is Killed

By International News Service
LOS ANGELES, April 26.—One man was killed and another seriously injured when a machine early today when the machine in which they were riding at a high rate of speed left the road and crashed into a light pole and overturned. The dead man was identified as Charles E. Field, and his companion as Olaf L. Oustad, both of Burbank. The men were said to be enroute to San Bernardino when the accident occurred.

Today's World News In Breif

(By International News Service to Glendale Evening News)
LONDON, April 26.—Lenine is expected to reach Riga within a week and it is reported he intends to proceed to Genoa.
WASHINGTON, April 26.—President Harding leaves Washington today on his first trip to Ohio since he became president.
LONDON, April 26.—St. Louis won the famous two thousand guinea stakes today. Pondoland was second and Capt. Cuttle third.
CHICAGO, April 26.—Lucien Muratore, famous tenor of the Chicago Grand Opera company, is on the verge of a physical collapse it became known today.
NEW YORK, April 26.—Nearly \$200,000 worth of imported whiskey, loaded aboard a big ocean-going steam lighter was captured by the New York police today.
TOKIO, April 26.—Three are known to have been killed and one hundred persons were injured in the most severe earthquake that has shaken Tokio in thirty years.
LOS ANGELES, April 26.—The panelling of the 1922 county grand jury to investigate and act on evidence charging the Ku Klux Klan with responsibility for the Inglewood masked mob violence was ordered today.
FORT WORTH, Tex., April 26.—Loss of seventeen lives, approximately 2,500 rendered homeless, and property damage that will run into the millions is the toll of Fort Worth's greatest flood, which has raged since Tuesday morning.
DUBLIN, April 26.—The "truce conference," which it had been hoped would today reach an agreement ending the conflict between free state and republican forces in Ireland, adjourned late this afternoon until Saturday, having failed to reach a satisfactory peace formula.

Popular Lighting Place for Fliers Being Urged Here

L. C. Brand, wealthy resident of northern Glendale, has made a pile of money, but he still has ambitions.
He wants to make the landing field just south of his home at Miradero castle a popular place for fliers and he invites airplane enthusiasts to make use of the gentle rolling clearance where it is equally easy to stop or start.
However, there are troubles entering into the matter for an electric light line at the south end of the field should be conducted and several insignificant trees need be removed. Mr. Brand offers to pay for the change in wires and he will give \$100 for each tree it is necessary to remove, but the owner wants \$500 apiece, it is reported.
The co-operation of Glendale people would gain this airport for the city, it is believed.

Old-Fashioned Dances Enjoyed by Guests

"Swing your partners! Grand right and left!" These and similar expressions at the old-time dance, which followed the regular meeting last night of the members of Mary Jane Gillette Daughters of Veterans and at which the Sons of Veterans were guests, reminded one of the time when the one-step, fox trot and kindred dances were unknown.
The business session of Mary Jane Gillette tent was in charge of the president, Mrs. Susie Peck. Invitation from Mary Ann Spencer Tent No. 29 of Los Angeles, which is known as the "Daylight Tent," to attend the first anniversary of that organization was accepted. This will be held in Patriotic hall, Los Angeles, the afternoon of May 3. Mrs. Pearl Moore, reader, of Glendale, Miss Florence Chadwick, pianist, and Miss Deanna Wood, dancer, will take part on the program at that time.
At the social hour which followed the business session last night, old-time dances were indulged in, with H. W. Hall at the violin, and Miss Audrey Hall and Miss Agnes Richardson alternating at the piano. At the close of the evening refreshments were served.

Jack Emery Is Given Eighth Birthday Party

Mrs. Owen C. Emery gave a party for little Jack Emery, her son, on Monday afternoon at the second grade room of the Colorado street school. Games were played and prizes awarded the children who made the best imitation of Charlie Chaplin. Refreshments and candy were served and each was given a souvenir of Jack's eighth birthday.
In the evening a dinner was given in his honor at the Emery home with plates laid for six. The table was decorated in blue and yellow, while the birthday cake was yellow with blue candles.

Large Crowd Attends Christian Circle Meet

The Christian Circle club met last night at the Baptist church with its usually enthusiastic crowd. The women of the Central Avenue Methodist church served the supper and the Baptist church responded most heartily at roll call. There were seventy-two girls in attendance.
Next Tuesday night will be senior night, so it is expected a large number of adult girls will be present. May 28 is announced as the birthday meeting. Miss Soper taught the Bible lesson.

Miss Delia Young Is Honor Guest at Party

Miss Margaret McPherson gave a shower Monday night at her home at 607 North Central, in honor of Miss Delia Young, who will be married this week to Meridith Syple. The guests were members of the K. K. K. club and their friends. The McPherson home was beautifully decorated for the occasion and the table was a dream of color, with place cards, candles and center of poppies in blood-red shade to copper color. Miss Young received many gifts both useful and beautiful.
Those present were: Mrs. Young, Mrs. Syple, Mrs. Kalbaugh, Miss Alice Lookabaugh, Miss Marian Rich, Miss Hazel Forbes, Miss Marian Gregg, Miss Faith Tarling, Miss Alta Harrison, Miss Helen Cobb, Miss Murray Longly, Miss Goldie Young, Miss Cymbel Taylor, Miss Catherine Taylor, Miss Lesa Stables, Miss Vesta Morrow, Miss Bracewell, and Misses Margaret and Vera McPherson. Miss McPherson was assisted by her mother, Mrs. H. A. McPherson. The exact time and place of the wedding is being kept secret.

Residents of Manila Guests at Art Show

Among the many prominent people visiting the Art Show here last night were Mr. and Mrs. Irving R. Hartigan of Manila, P. I., who were guests of Mrs. Lora W. Steere, formerly of Manila, who was one of the exhibitors. The latter's work, the Congressional party in the Orient, 1920, was quite admired. Mr. Hartigan, who came to Glendale, incidentally, for his health last February, is the son of General Hartigan who headed the Philippine division in the world war, while Mrs. Hartigan, nee Marie Louise Reyne, is the daughter of one of the old Spanish families of the Islands.

J. E. STOUTS ARE HOSTS

Mr. and Mrs. J. E. Stout of 421 West Palmer avenue had as guests yesterday their son-in-law and daughter, Mr. and Mrs. Leo Duvall and family of Monte Vista.

BUSINESS SECTION PARKING LAW IS GIVEN SUPPORT

Proposed Ordinance Regulating
Autos Standing in Streets
Favored by C. of C.

The parking ordinance proposed for the business district of the city of Glendale, which will limit motor cars to two hours at any one place between the hours of 9 a. m. and 5 p. m., was approved by the directors of the Chamber of Commerce yesterday after a discussion of the necessity for such a law. President V. M. Hollister presided over the session.
Many other miscellaneous matters were considered and the following report submitted by the civic committee was discussed and accepted; on motion of Director Peter L. Perry:

"1. The clean-up day for Glendale. We found that a single day given over to a general 'clean-up' for the city would be impractical, hence, the committee decided to recommend a clean-up week, for April 24 to 29, inclusive. The recommendation was placed before the city council for action at the meeting of April 20, and received its hearty endorsement, also the authorization for the mayor to issue a proclamation, which was done, and the work inaugurated Monday morning.

Developing Musical Talent
"2. A musical festival for Glendale. The committee recommends that, while not at this time endorsing the plan or plans or any individual or individuals, the Chamber of Commerce cooperate with any movement fostered by Glendale musicians toward developing the local musical talent and promoting a musical festival for Glendale with a view to establishing Glendale as the musical center of Southern California.

"3. City parks. The committee recommends the immediate development of the present park site and the acquiring of additional parks at different locations in the city at as early a date as practical.
"Relative to another matter not formally referred to this committee, but which was well within the scope of its activities, the committee considered the question of the very poor paving on Brand boulevard, and recommended requesting the city council to take immediate action in making temporary repairs. This was done at the meeting of April 20, and was unanimously endorsed by the council and work begun on the street on the following day.

"These recommendations complete consideration of all questions referred to this committee by your honorable body prior to Thursday, April 20, 1922.

"Respectfully submitted,
"DR. JESSIE RUSSELL,
Chairman.
"L. W. WILSON,
Secretary."

Miss Delia Young Is Honor Guest at Party

Miss Margaret McPherson gave a shower Monday night at her home at 607 North Central, in honor of Miss Delia Young, who will be married this week to Meridith Syple. The guests were members of the K. K. K. club and their friends. The McPherson home was beautifully decorated for the occasion and the table was a dream of color, with place cards, candles and center of poppies in blood-red shade to copper color. MRS. DAN CAMPBELL CHOSEN TO HEAD TUESDAY CLUB

Nominating Committee's Report
Announced; Election to
Be Held May 23

The receipt of nominating ballots for the nomination of officers and directors of the Tuesday Afternoon club closed yesterday afternoon at 3:30 o'clock. The canvass of the ballots was completed last night by the members of the nominating committee, which includes Mrs. Mabel Rudy, Mrs. O. E. Von Oven, Mrs. M. E. Plasterer, Mrs. Walter Jones and Mrs. H. C. Wilcox.

The members have been nominated for office were announced today and from these names a nominating ballot will be prepared and reported at the club meeting the second Tuesday in May. Several of the names given, however, are not eligible to hold office on account of having held office for two consecutive years previously, it is stated.

The election will be held at the regular meeting the fourth Tuesday in May.
President, Mrs. Daniel Campbell, Mrs. W. E. Evans; first vice-president, Mrs. Warren Roberts, Mrs. A. H. Montgomery; second vice-president, Mrs. Gladys Gibbs Sherman, Mrs. Charles A. Parker; recording secretary, Mrs. John Dunn; corresponding secretary, Mrs. Frank Ayars, Mrs. Benjamin Holbrook, Mrs. Mabel Rudy; treasurer, Mrs. M. E. Plasterer, Mrs. Frank Ayars, Mrs. A. M. Hunt; directors, Mrs. Alexander Mitchell, Mrs. B. O. Holbrook, Mrs. J. T. Crampton, Mrs. H. E. Bartlett, Mrs. C. J. Newcomb and Mrs. Colin Cable.

Mrs. Evans Declines President Nomination

Mrs. W. E. Evans has been notified of her nomination for president of the Tuesday Afternoon Club. Mrs. Evans states that she appreciates the compliment of the nomination very deeply because it came in spite of her earnest reiteration that she could not possibly become a candidate. She joined the club when she was 23 years of age and the following year was elected as a director, serving on the board for three years.

Mrs. Evans organized the Shakespeare section and served as curator for two years, opening her home for every meeting of the section during that time. She has also been parliamentary for two years and chairman of the program committee for two years.

Mrs. C. F. Benner Hurt In Automobile Crash

An exciting experience was "enjoyed" Sunday by H. F. Benner and members of his family while en route in their Overland to the summit of Mount Wilson.
Close to the top a Chevrolet with three young men as passengers, approached at a goodly rate of speed. The driver of the opposing car applied his brakes, however, and succeeded in stopping his machine at once.
Mr. Benner applied his brakes also but they failed to hold. The car started to roll back, backwards—to the edge of a precipice 1200 feet deep. Each foot it gained more momentum; each second its occupants became more anxious.

As the only means of saving the situation, Mr. Benner twisted his steering wheel until the wheels on one side of the car mounted the cliff and the car turned over on its side in the road.

Norman Otis, Former Resident, Visitor Here

Norman Otis, who lived in Glendale until two years ago, is back in the city today visiting friends who remembered him among other reasons for his singing at public programs.
Mr. and Mrs. Otis and his mother, Mrs. Emma T. Otis, are now staying temporarily in Inglewood but may return to Glendale permanently.
Before returning to Southern California about two weeks ago, Mr. Otis resided in Sacramento and represented the Moreland Truck Company in the northern part of California.

About six years ago Mrs. Otis operated a restaurant at 111 South Brand boulevard on the site now occupied by Pope and Tollett's.

J. O. C. CLASS MEETING

The J. O. C. Sunday school class of the Pacific Avenue Methodist church met last night at 459 South Pacific avenue in the home of Mrs. Harry Covington.

Two Child Artists Score Big Hit On Art Show Program

Introducing the Dosson duo. Possibly you didn't know that Glendale has two child artists of rare ability in the way of musical talent.

Little Miss Catherine, aged 10, made her debut last night at the Art Show in the Chamber of Commerce auditorium by playing two selections on the piano.

After the regular performance, little Miss Margaret, only 6 years of age, both played and sang so sweetly that the crowd gathered round to applaud.

They are daughters of Mr. and Mrs. W. H. Dotson of 333 West Harvard street.

TEA AND INCENSE ARE LACKING AT ART DISPLAY

But Artists and Their Efforts
Are There In Satisfying
Numbers and Variety

By GIL A. COWAN
It was a studio evening, lacking only in the steaming samovar of Russian tea and the incense from Turkish tobacco. The Glendale Chamber of Commerce auditorium was the scene. The noble, ancient art of sculpture provided the setting while in the background hung the works of newest acquired art colorfully depicting the everlasting hills and desert of the west. There were the artists gathered there with the culture to be found at any first night intermingling with the curious who had come to see and hear.

The music was provided by Miss Elsa Breidt, supervisor of the California Academy of Music here, whose international reputation as a pianist made her renditions of Etude (Arensky), To a Water Lily and Concert Study (MacDowell) only the more interesting. She responded to an encore as did Miss Marjory Vorhes, violinist, who played Elegy of Massenet, Bereaus (Rejzsky) and By the Brook (Coisette). She was accompanied by Miss Gladys Vorhes. Little Miss Catherine Dotson also played.

Artists Are Introduced
James M. Rhoades, secretary of the Chamber of Commerce, introduced the various artists, including P. Grayson Sayre of 914 South Central avenue, whose paintings are on display, and his business manager, Billy Hon, who responded with a (Continued on Page 8)

Miss Franc Kinch Is Given Surprise Party

Miss Franc Kinch, who is to be married this week to John Roudon, was pleasantly surprised at her home, 328 North Brand boulevard, last night by a group of her friends from her former home in Sprague, Washington, and vicinity. A social evening, with games, and music, including vocal numbers by Miss Elizabeth Breneisa and Mr. and Mrs. Len Barton. At the close of the evening refreshments of ice cream, cake and coffee were served.
Those present included Miss Franc Kinch, Mr. and Mrs. Al Schrader, Miss Reta Schrader, Mr. and Mrs. Len Barton, Miss Ethel Barton, Miss Cleone Barton, Mr. and Mrs. John Cole, Mr. and Mrs. L. Leibert, Mr. and Mrs. Neil Jamieson, Mrs. Breneisa, Miss Elizabeth Breneisa, John Roudon, Charles Damerell, Mrs. Rena Henderson, Sam Kinch, Miss Mina Smith and Mr. and Mrs. S. C. Kinch.

Dr. and Mrs. Boyer Are Greeted by Pope

Dr. and Mrs. H. R. Boyer of 222 North Orange street were recently received at the Vatican by Pope Pius XI, according to a postal just received by Rev. James S. O'Neill, pastor of the Holy Family Catholic church.

"We are now in Rome," stated Dr. Boyer, "and have seen many very interesting things. Through the kindness of Father Joy of New Foundland, whom we met on the boat, we had the extreme pleasure of being received by his holiness, Pope Pius XI, today at the Vatican. He is a very pleasant person.

Both of us are feeling fine. Best wishes to all Glendale friends."

Invite Governor to Make Address Here

Governor William D. Stephens has been extended an invitation to make the principal address at the May 18 forum meeting of the Glendale Chamber of Commerce, according to a letter written this morning by Secretary James M. Rhoades. It is not expected that he will deal in political matters.

LOCAL ART DISPLAY SURPASSES ANY COMPARISON CONSIDERING SIZE OF CITY, CRITIC ASSERTS

Collection Should Remain in Glendale, Is General
Verdict, But, Unfortunately, There Is No
Suitable Place in Which to House It

By CHARLES CRESSEY
M. S. A. London, England
Architect With Roy L. Kent Company

DISTINCTLY PLEASING—that is the first impression of the exhibition of sculpture and painting at the Glendale Chamber of Commerce auditorium. It is metropolitan in its effect, a decided compliment to Glendale.

The collection surpasses any comparison considering the size of the city.

The quality of exhibits suggests need for extended outlet for native talent.

Can Glendale live up to it? THE IRRESISTIBLE SUGGESTION THAT SOME OF THE COLLECTION SHOULD STAY IN GLENDALE PERMANENTLY, GIVES A SAD IMPRESSION THAT WE HAVE NO ADEQUATE PLACE TO HOUSE IT.

An incentive to gifts should be stirred in the minds of the wealthy residents who are anxious for the welfare of the young ones. Countries have art commissions empowered to buy as funds permit. Why not cities with their art commissions acting as a center for voluntary presentation by those wishing to endow the cities with works of art?

There is no pretense in the present show at exhibiting monumental groups. Rather, it is a type of sculpture suited to domestic atmosphere. There is an unusual lack of commonplace white marble and a very agreeable display of natural bronze is noted.

The lighting effect is successful, in that it is not noticeable except in its agreeable effect on the sculptures. The natural shadows of the models are exquisitely brought out by the studied system of additional lighting.

The general exhibit compares favorably with many more pretentious collections seen in Europe. It is doubtful, though, that such an exhibit has been seen under so favorable conditions.

Taking the larger groups which first impose themselves upon the visitor's eye, there are, if you will pardon the reference to catalogue numbers:

Indian Boy (27), by Caspar Gruenfeld, the centerpiece of the room, a naturalistic grouping of an Indian boy's figure intent on teasing a horned goat. The repose and concentration of the subject are very noticeable.

Meditation (83) by Frank Wamsley, a nude figure of a young girl shown in a plaster; not altogether successful in the handling of body lines, but with features of considerable inspiration.

Blow Winds, Blow (37), by Kath-

BUSINESS WOMEN TO NAME OFFICERS

Committee to Submit List and,
Too, Nominations Will Be
Made From Floor

As the club year draws near the close members of the various organizations in Glendale are giving much thought to the selection of officers to guide the activities of the club over the coming year. At the best, the selection of the officers is a problem, but especially so with a club which has been organized only a few months. At the social and business meeting last night at the home of Mrs. Peggy Warner, 196 East Wilson avenue, of the members of the Business and Professional Women's club, of which Mrs. M. I. Biggs is president, this statement was the gist of the report given by the nominating committee.

Mrs. George U. Moyle, chairman of the nominating committee, stated that the members of that committee had found that they were not sufficiently acquainted with the personnel of the organization to be able to know the wishes of the members in regard to nominees for office or as to the ability of the various members to serve in the capacity of the various offices. To assist the nominating committee a preliminary ballot was taken at last night's meeting in order to ascertain the wishes and suggestions of the members, and later the nominating committee presented the following report:

Mrs. E. P. Beck, president; Miss Gertrude Gibbs, vice president; Dr. Paine-Jackson, treasurer; Miss Myrtle Knapp, recording secretary; Miss Hamilton, corresponding secretary; directors: membership, Dr. Laura Brown; hostess, Miss Ethel Preston; program, Mrs. Grace Yarbrough; friendship, Miss Warner; publicity, Miss Corinne Orff; occupational, Mrs. M. Biggs; rest room, Mrs. E. E. Williams; legislative, Mrs. Kara Root.

Make Change In Plan
However, a number of those whose names were submitted for office expressed desire to have their names withdrawn and declined nomination, and a motion carried that the nominating committee be instructed to submit two names for each office to be filled at the next regular meeting. (Continued on Page 3)

Sends Government Statements Over Radio

The thousands of radio fans who nightly listen in to the weather reports, crop reports, the messages from Secretary Mellon and other important governmental statements, will be interested in meeting this man—T. C. Gale, the man whose voice reaches them each evening. Photo shows Mr. Gale at work with his set in the postoffice department broadcasting messages.

Radio Fans Happy Politicians Barred

By GEORGE VAN SANDS
Radio Editor The Evening News
To radio enthusiasts here in Glendale, as well as all over the entire country, comes the glad news that Secretary Denby has issued the necessary orders that will prevent any more speech making by senators and congressmen to their constituents back home via the naval radio stations. Senator Lodge and Senator New had just nicely warmed up when the order came to close the naval radio station at Anacostia, D. C., and all other naval stations, to both Republicans and Democrats alike. This order has earned Denby the most universal thanks of radio fans throughout the country, as it would be a fine state of affairs to the listening to the waxes of some high class jazz orchestra, and have it interrupted by some of the boys up on the "hill" in Washington, boring us with one of their political speeches and making us a lot of rash promises of what they were going to do if we will only vote for them again.

Speaking of Washington—do you know that last year the government appropriated \$80,000 to actually get behind and help the amateur radio fan, and that this year it has been increased to \$130,000? Just what form of help is contemplated is not stated, but do hope that some part of that \$130,000 will be spent for the benefit of the amateurs here in Glendale, and if Uncle Sam is actually putting out something, and any of our readers know about it, please let the radio editor hear of it, so we can all get in on it.

Notice that Chief Radio Inspector Terrell is quoted as saying:
"The real future of the radiophone is rural education, and it is going a long way to keep the young folks on the farm."

He ought to know, but it appears to me it will keep a lot of other folk at home, too. I, personally, know a young couple here in Glendale who used to have a reputation of seldom being home evenings, but a few months ago they got interested in radio, and they tell me that it now has to be something mighty interesting to get either of them away from home nights. And wherever you know of a home that is equipped with a radio set you will be pretty sure to find the entire family home almost every evening.

Benefit Card Party at Mrs. Meck's Home

The card party given Tuesday afternoon and night at the home of Mrs. H. Meck of 321 East 3rd avenue, by the Santa Rita division of the Altar society of the Catholic church was a very pleasant affair and a financial success as well. Approximately twenty-five were present during the afternoon and thirty at night. Bridge and five hundred were played and the guests were served delicious home-made cake and coffee. The sum of \$1.75 will be added to the fund the society is raising toward the purchase of a processional cross.

HEALING CREAM STOPS CATARRH

Clogged Air Passages Open at
Once—Nostrils Cleared

If your nostrils are clogged and your head suffers because of catarrh, or a cold, get Ely's Cream Balm at any drug store. Apply a little of this pure, antiseptic, germ destroying cream into your nostrils and let it penetrate through every air passage of your head and membranes. Instant relief.

How good it feels. Your head is clear. Your nostrils are open. You breathe freely. No more hawking or snuffling. Head colds and catarrh yield like magic. Don't stay stuffed up, choked up and miserable. Relief is sure.—Advertisement.

Questions on Radio and Their Answers

Question: Does any one of the well known make of storage batteries put out a storage radio "B" battery and if so would it answer the purpose better than a dry cell "B" battery?
—E. L. W., Glendale.

Answer: I understand the Willard people are just about to put on the market a storage radio "B" battery, delivery of which is promised in April. This battery is constructed so as to overcome the objectionable features of the dry cell type, namely, the internal action constantly taking place in a dry cell "B" battery, which causes polarization that in turn causes a dry cell type of "B" battery to give off the so-called "noise" that is so objectionable at times. The individual cells are enclosed in covered glass jars, and the low demand of current makes recharging seldom necessary.

Question: I have a vacuum tube outfit with three stages of amplification and have at times heard market reports that I believe were being broadcasted from Kansas City. Will you kindly tell me what company broadcasts market reports from Kansas City and at what time of day?
—B. R., Glendale.

Answer: The Western Radio company broadcasts market reports from their station in Kansas City at 11 o'clock, 2 o'clock and 7:30 o'clock each day. If you are getting this you are getting wonderful results.

Question: Will you please tell me the difference, if any, between a regenerative set and a plain tube set?
—L. T., Glendale.

Answer: By adding a variometer to the plate of the tube set it becomes a regenerative set. It is superior to the straight audio circuit as it gives louder signals and enables you to hear voices and music from much greater distances.

Question: Why is it that a regular 6-volt automobile storage battery will not work on a vacuum tube receiver?
—N. B. P., Glendale.

Answer: You are evidently misinformed, as a regular 6-volt automobile storage battery will work on a tube set, but will not work as well as one made especially for radio work. The average automobile battery has a tendency to cause "noises" due to electrical leakage. A circular sent to me by the Willard company announce a storage "A" battery that they claim overcomes this leakage by the use of a one-piece case moulded from new rubber. Cell partitions are fused with the sidewalls and bottom so that there is not a single fitted joint in the whole container. To make absolutely certain no hidden flaws have escaped, they claim to test it with an 18,000 volt electrical current that would naturally pass through and spark across the most minute opening.

Question: I have a very good wire aerial. Will you please tell me through The News if I can use two or more crystal sets on the same aerial?
—M. C., Glendale.

Answer: Two or more sets may be used on the same aerial, but not at the same time, a switch must be provided to throw the sets in or out.

Question: Do the wires of an aerial have to be parallel to the ground?
—G. H. C., Glendale.

Answer: No, the aerial may be slanting at an angle toward the ground, or in fact any other position that you might want it, just so long as the proper insulation is preserved.

Question: How many American ships have wireless?
—M. R., Glendale.

Answer: The government figures on this point, only show up to the year 1921, during which year there were 2869 ships flying the American flag that had radio sets aboard.

NEW APPARATUS AND DEVICES

By RALPH BROWN

RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP

AN ELECTRICAL SOUND CONVERTER

A device for converting sound into electrical impulses or vice versa, which operates on a new principle, has been developed comparatively recently. The diaphragm is conical instead of flat and is made of parchment. A metal plunger is mounted inside the cone at its apex in such a manner that its free end may move back and forth within the magnetic field provided by two field windings.

The two windings are upon a single iron core. The solenoid windings are inside the metal case shown in the illustration. A circular metal band holds the parchment cone in place and three support rods hold the solenoid to the band frame. The whole is mounted upon a rather heavy iron base.

The principal uses to which the device has been put are in converting sound waves into electrical impulses, which in turn control the current generated by a radio-telephone transmitting machine. Many broadcasting stations are using the device in this manner. The operation is, briefly, as follows: When sound waves created by the human voice or by musical instruments impinge upon the conical diaphragm, the diaphragm vibrates. These vibrations cause the metal plunger to vibrate back and forth in the magnetic field of the solenoid. This, in turn, causes variations of the magnetic field of the solenoid and variations in the current through the solenoid windings. The electrical waves in the circuit of the solenoid are then applied in such a manner as to control the operation of a radio-telephone transmitter. The device thus takes the place of the ordinary microphone and performs in a more efficient manner.

When the Phonotron is used as a "loud speaker" it does not give the same large volume of sound as some of the more suitable types. It does, however, reproduce very faithfully, and there is no metallic twang to the reproduction at any time. When operating in this manner, the current variations in the solenoid windings cause the plunger to vibrate back and forth. This, in turn, causes vibrations of the conical diaphragm and the production of sound, which correspond to the sounds going into the transmitter at the sending station.

The principle is one which was developed by a well known phonograph company and has been adapted for radio purposes.

INSTRUCTOR NEW YORK Y.M.C.A. RADIO SCHOOL

OSCILLATION GENERATION BY CONDENSER DISCHARGE
Oscillations are nothing more or less than a very high frequency alternating current. Oscillation generation is, then, the production or generation of very high frequency alternating current in an electrical circuit.

Suppose that a condenser, a coil of wire and a spark gap are connected in a series with each other to make up an electrical circuit in which alternating current will flow when the air space between the spark gap electrodes becomes a conducting path. The condenser is given a charge of electricity from some source outside of the circuit under consideration. When it is charged the opposing plates of the condenser are of opposite polarity, and there is a difference of potential between them. If this difference of potential is high enough it will overcome the resistance of the air space between the gap electrodes and a spark will take place in the gap. The air space becomes conducting and the circuit is closed. The condenser then discharges itself through

the circuit and a current of electricity flows. This discharge takes place in an extremely short period of time, but during the time the current flows back and forth many times until it finally ceases when the condenser is completely discharged. If the current flows back and forth in opposite directions alternately it is, of course, an alternating current. Its frequency will depend upon the natural frequency of the circuit, which is, in turn, dependent upon the capacity and inductance in the circuit.

At any rate, this frequency is usually extremely high, and the alternating current flowing may be called oscillations. In flowing back and forth through the circuit the current meets with opposition, due to the pure resistance of the circuit and the resistance of the spark gap. This latter resistance is naturally not as high as it was before the spark started, but is still high enough to consume a considerable portion of the energy of each swing of current. The current decreases in strength

Gardena Crossing of Railway Is Discussed

The Gardena crossing was the sole topic of discussion at a conference held in Los Angeles yesterday by representatives of the state railway commission, the Pacific Electric and the city administration. It was decided that, as a matter of formality, the railroad and the city officials would jointly submit a petition to the railroad commission to legalize the use of this and other crossings.

Among those present at the meeting were: D. W. Pontius, general manager of the Pacific Electric; Atty. Frank Karr, vice-president of the Pacific Electric; O. A. Smith, general passenger agent; E. C. Johnson, head of the engineering department; Harley Brundage, chairman of the railroad commission, and its attorney, M. J. Gordon.

The city was represented by City Manager W. H. Reeves and City Attorney Hartley Shaw.

Postmaster Asks All to Visit Local Office

The best time for visitors to see the Glendale postoffice in real "action" next week will be between the hours of 7 and 8:30 a. m. and 1:30 to 2 p. m., according to Postmaster D. Ripley Jackson, who wants every resident of this city to observe the efficiency maintained in the cramped quarters May 1 to 6 is known as postal improvement week and every patron is expected to provide some constructive criticism.

L. C. Brand's Auto Is Hit by Drunken Men

L. C. Brand wonders every once in a while where police officers hang out, notwithstanding his residence is just outside of the Glendale city limits. Two drunks came speeding up the hill the other day and came dangerously near running over Mr. Brand. They continued through the Miradero estate and after circling his home, they smashed into one of his cars standing at a side entrance. After that they made their get-away.

every time it flows back and forth and finally dies out because there is no electromotive force to keep it going in the face of the opposition of resistance. This whole action may be compared to the swinging of a pendulum which is struck a blow. The blow is the electrical potential difference which started the spark in the gap. The swings of the pendulum are comparable to the alternating current which flows while the condenser is discharging. The dying out of the swings of the pendulum are due to the resistance of air friction, directly comparable to the resistance in the electrical circuit. The frequency of the pendulum swings is the natural frequency of the pendulum system in the same manner as the frequency of the oscillations is the natural frequency of the electrical circuit.

It is thus seen that oscillations are generated by the discharge of a condenser, and that these oscillations die out unless the condenser is again charged and discharged. The oscillations are said to be "damped."

Daily HEALTH-AGAIN TALKS By Dr. Otey

THERE IS NO SECRET ABOUT
OSTEOPATHY, AND NO
MYSTERY

We do not have to talk to you in
enigmas nor in Latin. We are glad
to explain it, and you will be able
to understand it.
The success of Osteopathy does
not depend on our keeping the people
in ignorance but rather on their
enlightenment.

Don't be backward about coming
in for consultation and examination,
for, while you have many things on
your mind, too many to permit of a
searching investigation of the laws of
living, our lives are devoted to at-
tention to the details that insure
health, the maximum of efficiency
and long life.

This places you under no obliga-
tion, and you will not be asked to
take treatment.

Our motto is: "Careful, Painstak-
ing Thoroughness. How much can
we do, not how little."

Our past record for painstaking
thoroughness is your guarantee of
careful, considerate attention.

No one can tell you what the
Osteopath can do for you, not even
the Osteopath himself, until the cause
of your trouble has been carefully
diagnosed.

Treatments are never rough, sel-
dom severe, always soothing.
To suffering women Osteopathy
offers a refuge from the surgeon's
knife. Consult us before operating.

Locals and Personals

Mr. and Mrs. Van Arsdale Smith
of 514 North Jackson street were
guests in Colton over the week-end.

Mr. and Mrs. J. S. Bailey of High-
land avenue returned Monday night
from a two weeks' vacation trip to
Santa Barbara.

Will DeWoody of Denver, Colo., is
visiting at the home of Mr. and Mrs.
Fred Deal, 237 North Louise. Mr.
DeWoody is Mrs. Deal's uncle.

Mrs. Josephine Randall of Pasa-
dena is visiting at the home of her
relatives, Mr. and Mrs. John Gar-
dener, 1225 Mountain avenue.

P. C. Brown of the Glendale Real-
ty Company, 133 South Brand boulev-
ard, has been ill at his home, 634
North Howard street, for several
days.

Mrs. A. S. Chase was hostess at a
springtime luncheon today at her
home, 400 Riverdale Drive, to the
eighteen members of the Riverdale
Drive Luncheon club. A social after-
noon followed the luncheon.

Joseph A. DeMuth of 514 West
Colorado street and cousin, John
Johnson of Bridgeville, Pa., were
guests over Sunday of Mr. DeMuth's
sister, Mrs. William Moore of Onta-
rio.

Mrs. J. Roger Bentley of 715
North Central avenue was hostess at
luncheon today to Mrs. T. Neff, Miss
Virginia Neff and Miss Evelyn
Shrode of Long Beach and Mrs.
George Armstrong and baby of Los
Angeles.

J. W. Preston, who has been in the
Research Hospital for the past two
weeks, since undergoing a major op-
eration, is convalescent, and will be
taken today to the home of his
daughter, Mrs. Pierson Hanning of
235 North Orange street.

The East Glendale Advancement
association will meet at noon tomor-
row in the lunch room of the Har-
rower Laboratory where a cold plate
lunch will be served. The business
session will be followed by a tour
of the institution in operation.

Mr. and Mrs. Melvin Cline and son,
Leighton Taylor of 332 West
Chest street, accompanied by Billy
Rathburn, motored to Beaumont for
the last week-end, where they were
entertained by Mr. and Mrs. Richard
Siple of the Mile High ranch.

John E. Rockhold of 330 West
Burchett street has returned from a
business trip of several days spent at
his home, 419 East Colorado street at 6:30
o'clock, aged 67 years. He had re-
sided in Glendale about a year and a
half and was a member of the Odd
Fellows' lodge, who will have charge
of the funeral services. Mr. Rockhold
leaves a widow, Mrs. Adella E. Ful-
ler, and several relatives in the east.

Dr. and Mrs. E. G. Bashor and
family of Los Angeles were visitors
during the past week at the home of
Mrs. P. J. Neugebauer of 702 East
Elk avenue. Dr. Bashor is well
known in this city, he having per-
formed a number of operations in
local hospitals.

Mr. and Mrs. R. W. Riley and in-
fant son of 344 West Burchett street
accompanied by Mr. Riley's mother
and brother, motored to Wildomar,
near Elsinore, where they were
guests over the week-end, of the pa-
rents of Mrs. Riley. She remained
with them for the week.

Miss Carrie Noble, principal of In-
termediate school, entertained at
dinner with a social evening follow-
ing, a number of old friends of her
brother, Thomas W. Noble. The af-
fair was in the nature of a farewell
as Mr. Noble left Sunday for Arizona,
to be gone until next August.

Former residents of the state of
New Jersey have been invited to at-
tend the meeting of the New Jersey
State Society to be held Monday
night, May 1, at 7:30 o'clock at the
Angelus hotel at Fourth and Spring
streets, Los Angeles, and also the
annual reunion and picnic at Sycam-
ore Grove Park, Los Angeles, on
Saturday, May 6.

Mrs. S. F. Worley was hostess at
her home, 346 Vine street, Saturday
evening, at a beautifully-appointed
dinner, given in honor of Mrs. Wm.
Ebeling of Philadelphia, mother of
Mrs. W. L. Weber of Hollywood.
Other guests were Dr. and Mrs. Wm.
L. Weber, Dr. and Mrs. Geo. W. Ley
of Huntington Park, Dr. A. Scholz of
Los Angeles, Miss Margaret Carpen-
ter of Philadelphia.

D. D. Horning of 519 East Wind-
sor Road returned Tuesday morning
from Phoenix, Ariz., where he has
been looking after business interests
for the past two weeks. He reports
the weather quite pleasant when he
left, but during the first week of his
visit he saw heavy frost and some ice
for a few days. Business conditions
continue to improve and crops in the
Salt River valley are looking fine,
said Mr. Horning. He said cotton is
not selling very well yet.

Mr. and Mrs. J. M. Fife of 517
North Jackson street entertained at
dinner last night in honor of John
Johnson of Bridgeville, Pa., who is
a guest of his cousin, Joseph A. De-
Muth of Glendale. Covers were laid
for twelve. Those present included
John Johnson, Mr. and Mrs. W. F.
Bell and son, Francis Bell, Jr., of
Pasadena, Mr. and Mrs. James L.
Henderson and son, Lee Henderson,
Jr., of Glendale, Joseph A. DeMuth,
Mr. and Mrs. Fife and family.

Locals and Personals

W. L. Chapman of Alhambra was
in Glendale visiting with friends on
Monday night.

Mrs. J. C. Enner of Hollywood was
recently a visitor with friends in this
city.

Miss Pauline Hooker of Los An-
geles, formerly of this city, was a
visitor in Glendale during the past
week.

Mrs. W. Radcliffe of Burbank was
recently a visitor at the home of Mr.
and Mrs. C. P. Brice of 304 North
Kenwood street.

E. N. Wilson of San Bernardino
spent the first part of the week with
friends and former neighbors in this
city.

Jack Lundregan of 308 East Ma-
ple avenue motored down from Ven-
tura on Saturday and is enjoying a
week at his home.

A. L. DeCoe, former resident of
Chicago, who has recently moved to
Los Angeles, was in Glendale yester-
day. Mr. DeCoe may locate in this
city in the near future.

Miss Delaine Woolridge, domestic
science teacher at Intermediate
school, was attending the State Home
Economics meeting in Los Angeles
Friday. Her place was filled by Miss
Carson of Eagle Rock.

Preceding the regular meeting of
the Glendale Women's Christian
Temperance Union at the First Bap-
tist church at 2 o'clock Friday after-
noon there will be a meeting of the
executive committee of officers and
superintendents at 1 o'clock. This
special meeting has been called by
Mrs. Ruby J. Smart, president.

Deaths and Funerals

EDWARD F. ADAMS

Edward F. Adams passed away
Tuesday, April 25, 1922, at a local
sanitarium at the age of 60 years.
He was a bricklayer by trade and
came to Glendale about two weeks
ago from Fresno, and contracted
pneumonia. He leaves a widow, Mrs.
Jennie M. Adams, 344 North Isabel
street. Funeral services were held
this afternoon at 1 o'clock at the
parlors of Pulliam & Kiefer Under-
taking company, with interment at
the I. O. O. F. cemetery in Los An-
geles.

WILLIS LEROY FULLER

Willis Leroy Fuller passed away
Tuesday, April 25, 1922, at his home
at 419 East Colorado street at 6:30
o'clock, aged 67 years. He had re-
sided in Glendale about a year and a
half and was a member of the Odd
Fellows' lodge, who will have charge
of the funeral services. Mr. Fuller
leaves a widow, Mrs. Adella E. Ful-
ler, and several relatives in the east.
Funeral arrangements are being
awaiting word from relatives in the
east. L. G. Govers Undertaking
company in charge.

Publicity Campaign to Aid School Bonds

The committee appointed by the
Chamber of Commerce to work for
the high school issue met yesterday
afternoon at 5 o'clock and outlined
the districts as well as preparing a
campaign of publicity to get the
voters out May 2 and successfully
carry the \$600,000 issue. Dr. Jessie
A. Russell was named chairman and
James M. Rhoads, secretary. Other
members are Mrs. M. L. Tigh, A. R.
Eastman, W. E. Hewitt, L. T. Row-
ley and Ronald E. Elrod.

Baby Boy Arrives at Glendale Sanitarium

Mrs. N. L. Hooper of 165 West
California avenue is the mother of a
baby boy, born this morning,
Wednesday, April 26, 1922, at the
Glendale Sanitarium and Hospital.

An operation was performed this
morning at the hospital upon Mrs.
H. S. Brown of Phoenix, Arizona.

Mrs. W. H. Graham has left the
hospital for her home in La Cres-
centa, accompanied by her baby boy.

DOMESTIC SCIENCE DEMONSTRATIONS HOLD INTEREST

Number of Receipts Are Given
Out at Classes Being Held
at 118 West Broadway

Mrs. Mary Marshmont of the do-
mestic science department of the
Sperry Products company reports
great interest in the class which she
is conducting each afternoon. This
week at the Trice Furniture Compa-
ny store, 118 West Broadway, and
every woman who has not as yet at-
tended is invited to do so.

Each day Mrs. Marshmont gives
out a number of recipes of the foods
she prepares and here are a few se-
lected for the benefit of the many
unable to attend this demonstration
of the Sanico gas range:

Scones with Cheese

2 cups Drifted Snow flour
4 level tsp. Baking Powder.
1/2 level tsp. Salt.
4 level tsp. Shortening
1 Egg
3/4 cup Milk

Sift all dry ingredients. Work in
shortening. Beat egg slightly, add
milk and mix to a soft dough. Turn
out on floured board. Roll out, cut
in any shape. Bake about twenty
minutes. Split open and serve with
cheese sauce made with 2 tbsp. flour,
1/4 tsp. salt, dash of cayenne, dash of
mustard, 1 cup milk. Melt butter,
add dry ingredients. Add milk. Stir
until thickened. Put over hot water,
add cheese and stir until melted.

Baking Powder Biscuits

2 cups Sperry Drifted Snow flour
1 tsp. Salt.
4 tsp. Baking Powder
2 tsp. Shortening
3/4 cup Milk or equal parts of milk
and water.

Mix and sift dry ingredients; work
in shortening with knife or finger
tips. Gradually add the liquid, mix-
ing it with a knife to a soft dough.
Toss on a floured board, pat or roll
lightly to one-half inch in thickness,
cut with biscuit cutter, place in pan,
brush over the top with either melted
shortening or milk. Bake in a hot
oven twelve to fifteen minutes.

Steamed Fruit Roll

Use Sperry Baking Powder biscuit
foundation. Roll to one-half inch
thickness, cover with jam, roll up
like a jelly roll, pinching dough to-
gether where it joins and at the ends
to keep in the fruit. Place on well-
greased plate and steam one hour.
Serve with a pudding sauce or with
sugar and cream.

Fruit or Cinnamon Rolls

Use Sperry Baking Powder biscuit
foundation. Roll to one-fourth inch
thickness. Brush over with melted
shortening, sprinkle with two table-
spoons sugar (brown, granulated or
maple), one-half cup seedless raisins,
one-third teaspoon cinnamon. Roll
like a jelly roll, cut off pieces three-
fourths inch in thickness. Place on
well-greased pan and bake in hot
oven fifteen minutes.

Comes to This City From Romantic Land

Miss Antoinette Jakubian, who is
employed as a maid at the R. L.
Kent home, 522 North Central ave-
nue, while completing her education
in American customs and language,
comes from quite a romantic country,
her home being in Pilsen, Czecho-
Slovakia. She has a sister who is
staying with Mrs. C. M. Turek in
Montrose, while another sister is
playing on the Orpheum circuit. It
was the latter who induced her two
sisters to come to the United States,
the country after which the Czecho-
Slovakian republic is modeled.

NOTICE TO HOME SEEKERS OR INVESTORS

beautiful home and furniture at a
price you make yourself. 437 South
Pine, Thursday, 2 p. m. Auction-
eer Baird sells it.—Adv. 4-26

Business Women to Name New Officers

(Continued from Page 1)
of the club, at which time also nomi-
nations will be made from the floor.
Preceding the report of the nomi-
nating committee several amend-
ments to the by-laws were adopted
providing for ways and means com-
mittee, auditing committee and rest
room committee and describing the
duties of same, and also changing
the time of the executive board meet-
ings to the first Tuesday of each
month or at such time as the presi-
dent shall designate for special meet-
ing. Mrs. E. E. Williams gave the
report of the rest room committee
and stated that at the present time
an average of twenty girls and wom-
en are lunching at the rooms. An-
nouncement was made of the in-
vitation which had been extended
to the club members by Postmaster
D. Ripley Jackson to inspect the
local postoffice and make sugges-
tions and criticisms.

The meeting last night was at-
tended by over thirty-five members
of the club. A pleasant social time
preceded the business session, during
which various games were enjoyed
and refreshments of chocolate and
biscuits were served. Dr. Laura
Brown, chairman of the social com-
mittee, reported that the next social
meeting of the club will probably
be in the form of an outdoor picnic
in Verdugo, Woodlands.

HAPPINESS and RELIEF

from Wash Day Drudgery
are Yours for the Asking.
Make Wash Day a Day of Leisure
in Your Home

The cost is moderate and you'll find our service
prompt, clean, and very efficient. You owe it to
yourself to investigate. Call us wash day, and give us
a trial bundle. We know that's the only condition
necessary to convince you that our claims are based
on a sound foundation of service satisfactorily ren-
dered.

J. W. Gould Leaves Hospital for His Home

J. W. Gould, member of the Glen-
dale fire department at Station No.
2, left the Glendale Research Hos-
pital yesterday for his home at 124
West Laurel street, following an op-
eration there about three weeks ago.
Miss Bess Moore, who was ill at
the hospital about ten days, last
night returned to her home at 528
North Maryland avenue.

D. C. Nethven of 208 West Maple
street, who was operated upon yes-
terday, today is getting along very
nicely at the hospital.

Mrs. H. O. Trueman has left the
hospital for her home at 606 East
Elk street. She took her baby boy
with her.

Mrs. J. H. Payne has returned to
her home at 131 North Everett street
following a ten days' illness at the
Glendale Research hospital.

C. OF C. DIRECTORS ADOPT REPORT ON PUBLIC SCHOOLS

Survey Committee's Findings
Approved; Passage of Bonds
On May 2 Is Urged

On motion of Richardson D. White, superintendent of city schools, and director of the chamber of commerce, the board of the latter organization yesterday adopted the special school survey committee's report and discharged it with thanks. W. Q. Widdows was chairman and Dr. Jessie A. Russell, secretary. Other members of the committee were W. E. Hewitt, L. T. Rowley, S. S. Gilhuly, William C. Mabry, C. W. Young, J. R. Grey and Ella W. Richardson.

Mr. White, as chairman of a committee of the directors to review the report, stated the ground was thoroughly covered, and assured the directors that the facts pertaining to the intermediate and grade schools were correct and presumed the others were equally accurate. He believed that the recommendations would be a great help to the two school boards.

Urges Bonds Be Passed
"There has been no attempt by the committee to go into the matter of management or education," said Mr. White, in urging the adoption of the board and, after it had been approved, he moved that a committee of five go into the latter subjects. This also met the approbation of the directors, as it had been requested by J. R. Grey, a member of the survey committee.

In the committee's report the passage of the high school bonds on May 2 was urged as it was "found practically every classroom overcrowded and very unsatisfactory, and certain unsanitary conditions exist-

Wants Bootleggers Fined, but Not Feed Them Any More

CRIPPLE CREEK, Colo.—Because "bootleggers are eating Teller county out of house and home," County Commissioner Richard Quinn wants the courts to assess fines against liquor law violators instead of giving them jail sentences.

Quinn declared that filling the jails with bootleggers and moonshiners is too costly a proposition. He expressed the belief that some of the counties in Colorado will spend all their available funds boarding and lodging violators of the dry law.

ing as the result of such congestion. "The attendance undoubtedly will continue to increase rather than decrease," the report states, "and in order to relieve the conditions, additional facilities must be provided at as early a date as possible."

Improvements Proposed
This is followed by a statement by Principal Morse and another by Superintendent White for the grammar schools. The recommendations for the latter include minor improvements for the Acadia, Colorado, Broadway, Doran, Central and Magnolia schools; more grounds and facilities for the intermediate; additional grounds for the Columbus avenue institution; additional land for the Pacific avenue school; numerous alterations for the Cerritos avenue building and the acquisition of a city park opposite the school grounds; and in general the elimination of makeshifts and temporary buildings, additional janitor service, and more fire protection.

Taking into consideration the growth of the schools, the report estimates the population of Glendale five years hence will be 65,000; Eagle Rock 12,000 and Tujunga 8,000. Large increases in school enrollment in the outlying communities also are noted and this is a big consideration in building schools for the future, it is pointed out.

Puzzled on Phone Number? This Book To Clear Mystery

Very seldom do you find a business directory with three distinct features contained therein. Heretofore you have had the city directory, the telephone book, and pamphlets concerning the city's welfare. But now comes the Classified Business Directory of Glendale, which is being compiled at The Glendale Evening News. It not only contains the name, address and occupation of your leading merchants but it also gives you important statistical facts about "the fastest growing city in America."

Last but not least, and to some people's notion the most important item contained in this book, is what is known as the numerical telephone directory. This feature in no way takes the place of your telephone book, yet it adds convenience to all phone users. Instead of indexing your name as they do in the phone book, they index your phone number. So, if you have forgotten the person's name and yet have his number, it takes no trouble to find the party you are calling.

These books are to be given a free and general distribution throughout the city, so if any merchant has not been asked to place his name in the classified directory he may do so by calling the directory department of this office, Glendale 2366.

Miss Eva Daniels Is Honored at Luncheon

The members of the parliamentary law section of the Tuesday Afternoon Club, of which Mrs. Harry Greenwalt is curator, were entertained at a very artistically appointed luncheon Monday afternoon at the home of Mrs. B. O. Holbrook, 426 West Harvard street, given in honor of Miss Eva Daniels, who wrote the skit, "The Women of Daeglen Organize," which was recently presented with great success as a club program, and Mrs. Helen B. Hoopes, a member of the section, who is a house guest of Mrs. Holbrook and is leaving soon for Seattle.

The house was decorated in the Tuesday Afternoon Club colors of yellow and green, with California poppies predominating. This same color scheme was carried out at the luncheon table in the yellow favor baskets and other decorations. A delicious four-course luncheon was served. At the close of the luncheon limericks were given. Mrs. Greenwalt, curator, gave a group of very clever limericks which were graciously received by the members and a rising vote was given by them. Several pictures were taken of a group of the characters who took part in the skit recently presented as a club program.

Lots of people are too conscientious to lie, and yet they manage to suppress the truth.

KAIGHIN'S CANDIES ARE BEING SOLD OVER COUNTRY

Noted Sweets, Made In Glendale Win Fame; Industry Here Proves Aid to City

Putting thirty years' experience in practical candy manufacture in the quality shops of New York, San Francisco, and Pasadena, Clarence Kaighin here produces a noted line of box goods. They are known as Kaighin's candies and are sold throughout the country.

The factory is located in an all-daylight building especially constructed for candy manufacture at 123-125 South Maryland avenue. There are ten employees, including Mr. Kaighin, who takes full charge of the manufacturing end of the business, to personally maintain the quality. Nothing but the best of materials are used and as a result you buy more for your money in Kaighin's candies.

Trade Is Growing

Approximately \$250 a week in pay checks is put in circulation each week by this modest industry which is growing steadily in volume. The product is distributed locally within a radius of 100 miles and salesmen are actively in the field representing the line. A mail order business to eastern shops seeking Kaighin quality is maintained.

The chocolates are put up in attractive packages, such as boxes, baskets, and souvenir containers, and is handled by leading confectioners and druggists. In Glendale, Los Angeles and Pasadena there is a large counter call for this line, it is stated.

Sanitary Conditions

Hard candies as well as chocolates, caramels and chews, also are manufactured. A visit to the factory while in operation will conclusively prove it is operated under most sanitary conditions and productive of the best in sweetmeats.

"Cleanliness, quality and service" is the motto of the establishment, according to Mr. Kaighin; the first because it is a fact, the quality because we make it so, and service because that is the watchword to continued success.

From an advertising standpoint, the manufacture of Kaighin's candies in Glendale gives thousands of people a good idea as to the kind of city this is—clean, wholesome and ideal. If for no other reason purchasers should give this local industry the benefit because of the favorable publicity.

BIBLE GIVES HINT FOR MAKING T. N. T., SPEAKER STATES

Lecturer at Tuesday Club Says
Good Book Refers to Autos,
Airplanes, Submarines

(Continued from Page 1)
of women's clubs is good citizenship she appealed to their citizenship not only to observe this better film week but to make it a part of their work continuously.

Mrs. A. H. Montgomery, Shakespearian section curator, presented a check for \$100 to the chairman of the ways and means committee, Mrs. A. M. Williams, for the building fund. This money has been realized from the recent sport dance and card party given by the section. Mrs. P. L. Hollingsworth, curator of the literary section, which had charge of the sale of tea-cream and cake at the party, presented \$16.25 which had been realized.

Convention Delegates
Mrs. Hutchinson again announced the state convention to be held in the auditorium, U. S. C., Los Angeles, May 2 to 6. Any and all members of the club may attend whether delegated or not. The delegates and alternates are: Mrs. C. E. Hutchinson, with Mrs. A. M. Hunt as alternate; Mrs. S. C. Packer, with Mrs. Harry Lockwood as alternate; Mrs. Mabel Rudy, with Mrs. Cameron D. Thom as alternate; Mrs. A. W. Tower, with Mrs. E. D. Yard as alternate; Mrs. Mabel Ocker, with Mrs. P. S. McNutt as alternate; Mrs. C. W. Houston, with Mrs. O. E. Von Oven as alternate; Mrs. A. M. Williams, with Mrs. John Dunn as alternate.

Announcement was made of the communication which had been received by Mrs. Mabel Rudy regarding "Glendale Day" at the Mission Play, and it was found that enough members desired to go in order to receive the reduced rates specified, May 4 was the date selected. Those wishing to attend are to notify Mrs. Rudy.

Mrs. Hutchinson announced the high school bond election to be held next Tuesday, May 2, and urged all members to get out to vote and also to see that their neighbors vote. A pleasant surprise was afforded not only the members of the club yesterday, but Mrs. McLaughlin White, who is today celebrating her 80th birthday anniversary, and who was presented with a beautiful basket containing a fern by Mrs. Hutchinson on behalf of the club. Mrs. White has served for some time as historian of the club. Reciprocity day will be observed by the Tuesday Afternoon club May 23 instead of May 16. At that time the presidents of the other clubs in the Los Angeles district will be entertained.

Interesting Lecture
Miss Winifred Rouzee was then presented and gave a most interesting lecture on "The Bible and World Events Past, Present and Future," who suggested that along with the interest of civic affairs that the club include the stern and righteous defense of the Bible, which she stated, the Bolsheviks hate with a perfect hate.

"The Bible is a splendid stimulus to patriotism and of great benefit educationally. It has been found by the various discoveries of archaeologists and research of chemists and astrologers to be scientifically correct. By the finding of the Rosetta stone all of the literature which had been found in Egypt was released," she said.

The Rosetta stone was found near the mouth of the Nile in 1799 and bore a trilingual inscription (in hieroglyphics, demotic characters, and Greek) and famous as having given M. Champollion the first clue towards deciphering the Egyptian hieroglyphics.

"This literature proves many of the statements made in the Book, so the Bible has been proven to be scientifically correct as it speaks of events past," she said.

"In speaking of events present, we find in the Bible reference to the coming of automobiles, of men flying as the eagle and also of the submarines. It is also prophesied that social conditions would become exceedingly vexing. It speaks of the rise of the occult and warns against it. In the third chapter of the second book of Timothy it speaks of the time when there shall be a noteworthy reputation on the part of children of authority. The prophecy was also made in the Bible where the representative nations of the world would hold a conference. As to present events it is shown that the Bible can see through its inspired and prophetic eyes conditions just as they are today.

Mentioned in Good Book
Chapter 5 of the Epistle of James prophesies the present labor conditions and also the profiteers and of troubled times. The principles of the boycott and also the high cost of living are also mentioned in the Bible, as well as the rise of the power of the sunrise kingdoms.

"This Book of Books has opened up for us with faithful accuracy the past. It has guided us intelligently through the present and seems to be getting our confidence regarding the time yonder. It takes us by the hand through the swinging portals of this life and teaches how to live here that we may live there forever in the presence of the marvelous writer of the Bible—God, who has, and is and ever more shall be."

The Sport Crucible

By Davis J. Walsh
International News Service Sports Editor

NEW YORK—It is all very clear now. When a couple of business men like Messrs. Kearns and Dempsey set blithely for a pleasure tour of Europe we raised the interrogative eyebrow and wondered who was going to pay the luxury tax. Mr. Kearns and Dempsey are all for luxury, but they pay the freight from the gate receipts. The first intimation that the receipt was about to lift itself upon a feeble elbow and look around for a home has come.

It came in the form of a cablegram from George McDonald, British promoter, to Dia Dolling, British fight manager now in this country. George wished to ask Dia what he might be able to do from this end of the wire about a Dempsey-Wills fight in London. The cablegram read as follows:

GEORGE McDONALD,
Regent's Place, London, SW.

Could Dia get Wills? It seemed entirely possible. Indeed, Mr. Wills appeared quite enamored of the idea and suggested that he might become restive waiting for the next boat to sail. However, that would not do at all. These sort of things have to be "smoked up" with a bit of diplomacy and the hasty appearance of Wills in London might have the appearance of a coup.

The British would think they were being rushed into something. Therefore, Wills and his manager, Paddy Mullens, were made to say that they would be ready to sail on or about May 15.

By that time the groundwork for the bout, if any takes place, will have been carefully completed. London, Paris and the continent in general will have seen Dempsey and that irresistible boyish grin, the newspapers will have deplored the fact that over and over again that Europe has no man worthy of being sent into the ring with the champion, Dempsey will have studiously avoided the faux pas of appearing in anything but exhibitions, and in short the public will be clamoring for an opportunity of seeing the champion in action against a real opponent before his return to America.

Enter then the dark and fearsome Mr. Wills. Not before. That would be extremely bad business. He will just happen to appear upon the scene and Europe, which has no objection to mixed bouts will be ready to listen to what he might have to say. He will be careful in his choice of words and actions, this Mr. Wills. He will be quiet, restrained, polite and altogether persistent.

And long before the negotiations are completed, the young bloods of London will be lining up waiting for the box office window to open. That bout, if held, will draw big and pay big.

Pleasure trip? Well, perhaps. And then again Dempsey may find himself in the position of the well and widely known bus driver who drove around on the front seat of his vehicle on his day off.

When Aristides won the first Kentucky derby at Churchill Downs, Louisville, Ky., the owner netted \$2850, and great stress was laid at the time on the generosity of the racing association. That was in 1875, and since that time the smallest winnings of the owners have been when Vagrant in 1876 netted a \$2950 stake and in 1895 Halma netted \$2750.

The stake has gradually known into proportions of a small fortune and when the race of 1922 is run May 13 the stake will be in excess of \$50,000 to be divided between the three first horses. The first horse to win a five figure stake was Regret when he won the 1915 Derby and \$11,450 as first money. The victory of Behave Yourself last year set a new record in winnings with \$38,450.

The coming Derby from a Pacific coast, and more particularly from a California, point of view, is more interesting than for a long time past, the reason is the entry of several horses bred in California including the famous Morvich at present rated the favorite for the race and which last year went through the season undefeated in its two-year-old campaign. Morvich was bred at the Napa, Calif., stock farm of A. B. Spreckels, the California millionaire breeder and sportsman. The horse is now owned by Benjamin Block of New York.

Just how many of the ninety-two leading three-year-olds entered in the famous race will actually start is not known at the present time. There are, however, four entries from the Wikup Rancho in the Valley of the Moon, Calif., the said valley being made famous by the late Jack London. Wikup Rancho is owned by another California millionaire sportsman, John H. Rossetter, who in 1920 sent the famous two-year-old Incheape east to burn up the tracks and which eventually was sold for \$150,000 before the summer was half over.

The Rossetter colors are entered through four horses, namely, Aspinwall, Admiral Bayley, Underwriter, Supercargo. Aspinwall is a three-year-old brother of the famous Incheape and is now in training right on Churchill Downs. Aspinwall is by Friar Rock out of Rose of Gold. The latest report received from Trainer Will McDaniel would indicate that Aspinwall may not be ready for the Derby, but final decision is being reserved by Rossetter whether to start him until further word from McDaniel.

Of the other three horses Admiral Bayley (Disguise-Sea Air) met with an unfortunate accident last year and is the least likely to be ready. Underwriter (Disguise-Agnes Velasquez, an imported inbred Gallopian mare through Donovan and Galliard) and Supercargo another son of Friar Rock out of Sweet Marjoram are both getting ready and it is on these horses and Morvich that the eyes of the Pacific coast race followers will rest.

Rossetter also has a number of horses in other eastern events, one of the best being Dolores (Disguise-Berrill's Choice) which is especially pointed for the rich Oaks stake.

The World Over

By Franklin B. Morse
Pacific Sports Service

It would be interesting to know what those members of a congregation who wanted to oust its minister because he played billiards consider a sport in which is not concealed several persons who are said to indulge in an occasional game of chess in the evening are now said to be acting nervously.

The return of Suzanne Lenglen to the tennis courts, after her somewhat tragic retirement last season while in the United States, will be watched with interest. It is questioned whether she will ever regain her old-time form and confidence. At least there was nothing to show retrogression in her first reappearance, for she won two sets without the loss of a single game.

According to newspaper reports, Mary Garden was among those present when Fred Fulton knocked out Capt. Bob Roper recently in Chicago, and got up on her chair and applauded as Roper lay on the floor. Why not? Mary knows that the quintessence of life for the public performer are the plaudits of the crowd. Besides, isn't it Rudyard Kipling who said that after all, Mary O'Grady and the Colonel's lady are, after all, sisters just beneath the cuticle?

Now that Jack Dempsey has been

entertained at dinner by Lord Northcliffe, we may look to see improvement in the literary style employed in the editorial page of the London Times. If our memory serves us correctly, it wasn't so very long ago that Mr. Dempsey was not held in very high estimation owing to his lack of any participation of an active sort in the late war. Memory seems to be about the only thing so short that there is no unit sufficiently short to measure it.

Announcement has just been made that there would be more than \$300 in prizes awarded in the bicycle parade to be held at Coronado, Calif., on May 6, where the sport of the wheel is to be revived. Arrangements are being made for securing a track for the holding of a series of races.

We note that practically every "expert" who is picking the results of the various track and field meets, whether they be dual meets, or intercollegiate affairs, makes particular pains to add that "track meets, however, seldom go true to dope." Bosh, anybody can make a prediction with that kind of a life bolt attached to it.

Red and Blacks to Meet Covina's Team

The Glendale high school baseball team, which has lost the last three games played, will endeavor to stage a comeback on Friday afternoon of this week when they will hook up with the Covina "Coyotes" on the latter's diamond. The contest, which is a scheduled Central league affair, is expected to attract several hundred local students and followers.

"We believe the Hupmobile to be the best car of its class in the world."—Adv.

First to establish the \$10.90 price—Usco

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90."

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

\$10.90
and even better than the price

Tagging All Bases

Have you a little Ruth in your home? The St. Louis Browns answer in the affirmative and point to Ken Williams, who yesterday hit his sixth homer in four days. With a man on base, Williams smote one of Emke's fast ones for a round trip and aided considerably in the Browns' defeat of the Detroit Tigers. He is now ahead of Ruth's 1921 record on this date.

Lee Meadows, usually effective against the Giants, was rushed to the wall in short order yesterday, the champions winning another from the Phillies without undue stress and strain. It was a case of the ex-Phillies beating the ex-Giants. Of the former there was Rapp, Walker, Fletcher, Henline and George Smith in the Philadelphia lineup and Bancroft, Rawlings and Meusel, former Phillies, were with the Giants.

Tom Phillips gave another impressive exhibition yesterday, shutting out the Boston Red Sox, 10 to 0, and Clark Griffith, who has the undisputed championship in long distance smiling.

Our specialty this week will be children's hats at \$2. BUSHNELL MILLINERY PARLOR, 1510 South Brand.—Adv.

Glendale's Schools to Honor Grant's Memory

Thursday is the one hundredth birthday of General Ulysses S. Grant. Exercises appropriate to the occasion will be held in the schools of Glendale.

Several short essays on the commander-in-chief of the union armies at the close of the civil war, compiled in pamphlet form have been distributed by the N. P. Banks post of the G. A. R.

Two assemblies are being planned for the Intermediate school. The first will be attended by pupils from the eighth grade under the direction of Miss Edna Duffey and the second by those from the seven grades in charge of Mrs. Fern Fairy Lytle. Three phases of Grant's life will be discussed: First, his life as a private citizen; second, his life during the war period; third, his life after the war.

Real Park for City, Is Urged by Writer

Editor The Evening News—Here is to good old Glendale, without a band or park. We advise them all to go to Chino upon a picnic lark.

A party of eleven motored to Chino Sunday and had lunch in the Chino city park, after which a game of baseball was indulged in and had a gay time generally, never to be forgotten.

As our park is hard to get to for people who have no machines, it would be to Glendale's credit to vote for a centrally located park accessible to the car line, with tables, benches and a band stand where we could hear good music every Sunday and evening either from the American Legion band or our high school band, of which the P. T. A.'s of Glendale boast of having organized.

MRS. CHARLES L. PECKHAM.

MOTOR TRIP TO VENICE
Mr. and Mrs. Ed Gabel and their two children, Ed and Russell of 1412 1/2 South San Fernando road motored to Venice Sunday. They were accompanied by their house guests, Mr. and Mrs. A. Denboer.

CORNS CURED absolutely without pain, a remedy compounded by nature, one that no man can duplicate. Dr. Carrie Lambert Gregory, 106 E. Wilson.

No. 56191
NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL
In the Superior Court of the State of California, in and for the County of Los Angeles.

In the matter of the estate of Annie M. Fraley, Deceased.
Notice is hereby given that the petition of Walter C. Fraley, for the Probate of Will of Annie M. Fraley, Deceased, and for the issuance of Letters of Administration, with the will annexed thereon to Walter C. Fraley, will be heard at 2 o'clock p. m., on the 10th day of May, 1922, at the Court Room of the Superior Court of the State of California, in and for the County of Los Angeles.

Dated April 13, 1922.
L. E. LAMPTON, Clerk.
By H. H. Doyle, Deputy.
Evans & Pearce, 1007 Van Ness Bldg., Los Angeles, Calif., Attorneys for Petitioner. April-11x

CERTIFICATE OF BUSINESS
The undersigned do hereby certify that they are conducting a welding and radiator repair business at 616 East Wilson avenue, Glendale, California, under the name of Glendale Welding and Radiator Works, and said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Wm. L. Heyn, 241 1/2 N. Burlington Ave., Los Angeles, Calif.
Joseph A. Dunklin, 447 W. Elk Ave., Glendale, Calif.

Witness our hands this 11th day of April, 1922.
WM. L. HEYN,
JOSEPH A. DUNKLIN.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES—SS.
On this 11th day of April, in the year nineteen hundred and twenty-two, before me, G. O. Pierce, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared Wm. L. Heyn and Joseph A. Dunklin, known to me to be the persons whose names are subscribed to the within instrument and acknowledged to me that they executed the same.

Witness my hand and official seal.
G. O. PIERCE,
Notary Public in and for said County of Los Angeles and State of California. My Commission expires May 6, 1925.

CRITIC SAYS SHOW IS GREAT CREDIT TO THIS CITY

Makes Brief Mention of Some of Fine Displays Now at C. of C. Auditorium

(Continued from Page 1)

of special interest in motif and as executive art.
Virginia (76), by Lora W. Steere, is a tiny cast in natural unchased bronze, a pleasing sketch of a child.
Medals by May Mott-Smith (56 to 64), of which Mrs. T. (58) is perhaps the ablest expression of the artist's work.

California (95), a wall fountain by Julia Bracken Wendt, is a sketch in bronze plaster. It is a type of architectural decoration in low relief for which there is scope in Southern California.

The Moving Finger Writes (13), by Ella Buchanan, ranks with Blow Winds, Blow, in premier interest among the exhibits and should be seen rather than described.

Hold Deep Interest
Mrs. Thomas Winslow (46), is a miniature head in light bronze, full of graceful life and forceful modeling well done, by Humberto Pedretti.

An Old Indian (7), a plaster head of an old Indian, by Bjurman, is worthy of a more permanent presentation.

School Days (28), another Gruenfeld, is a plaster bust of girlish personality full of living interest and charm.

Nos. 80, 81 and 82 by Harold Swartz, are modest exhibits of vigorous art—the head of Elizabeth particularly being a virile, modern expression of womanhood.

The Only Chance (53), Romanelli again at his best, is a dramatic group of intense characters finely shown.

Young Diana (39), by Kathleen Ingels, is a peaceful miniature nude, youthful, and a model of pleasing lines.

George Sterling (24), by Finn Haakon Frohlich, is a high relief panel in strong lines which characterizes this sculptor's work on Jack London, Hobart Bosworth, R. Lee Heath and other panels, including a sketch for the Queen of Sheba.

There are many others, too, impossible to review in one brief visit, all of which are worth the closest study by the student of sculpture. It is splendid to have the Sculptor's Guild of Southern California make this showing here at this period in the city's growth.

F. Grayson Sayre's Paintings Are Observed
Following is Mr. Cressey's criticism of F. Grayson Sayre's opaque water color paintings which must be construed only as a casual observation:

The prolific work of this artist would call for a volume of description, some antagonistic and critical because of his unusual method, but there is a never failing interest in his convincing presentations of Arizona and California landscapes.

His rugged handling mostly suits the subjects, but Mr. Sayre would no doubt do more by doing less. His sense of scale, natural perspective and distance is, perhaps, the most expressive in the smaller paintings of which No. 27, Tropico Hills, is the best noticed at this first visit.

(NOTE—Mr. Sayre painted many of his pictures presented here while developing his novel and new system of "vibrations" for tonal effect and in his later work, such as Riders of the Sunlit Range, Tropico Hills, etc., he is taking the time for more careful detail which Mr. Cressey suggests.)

City Council to Act On Muzzling of Dogs

Definite action regarding all dogs in Glendale to be muzzled will be taken Thursday night by the city council, according to a statement made this morning by Mayor Spencer Robinson. Col. J. D. Fraser, chief of police, also expects it to be made a misdemeanor for any owner of a dog not to take out a license for it. The city administration this morning received a copy of the dog ordinance passed this week by the County Board of Supervisors. This provides:

"It shall be unlawful for any person owning or having the control of a dog to run at large any place outside of incorporated cities in the county of Los Angeles unless muzzled. The sheriff and his deputies are authorized to capture any dog not muzzled and kill and destroy such dog.

"Whenever any dog has bitten any person, the owner shall quarantine it for three weeks and shall allow the health officer to make an examination at any time. If it shall appear that a dog has rabies, he shall kill it. "Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor and shall be punished by a fine of not less than \$25 or not more than \$200 or by imprisonment in the county jail for not more than 100 days or by both such fine and imprisonment."

WOMEN HURL RED PEPPER

UNIONTOWN, Pa., April 26.—Four hundred strikers headed by a dozen women, the latter armed with clubs, stones, pokers and red pepper, marched to the Newcomer mine of the Amcord Coal company and attempted to turn back several employees who were still at work. The women hurled rocks and red pepper at the miners and mine guards. Two women were arrested.

COMMENT THAT'S ALL

Make It a Million or More
Paying Penalty for Hypocrisy
Parking Law Considered
Fastest City Going Faster

By Gil A. Cowan
BUILDERS of Glendale! Here's a big idea that you can put over for Glendale.

Already the building permits are hurrying past the half million mark and by another day they will be in the neighborhood of three-quarters of a million dollars for April.

Now then, if you have plans ready to submit to the building department, is it not possible to get them in this week-end and make the month a million dollars or more?

Cities of this country having a million or more in permits get a great deal of publicity. Glendale, on account of its smaller population than Pittsburgh, Toledo and Kansas City, would get a good deal more.

Where is that big church permit? How about two score of homes costing \$3,000 to \$5,000? Couldn't a few factory buildings be included in the list? All of these things are planned.

Why not let's go?
A severe shock is in store for the good citizens of San Francisco. Members of the police department, dry forces and others are going to be indicted in another booze "grafting," it is hinted by the federal inquisitors.

Harry Brolaski, well known for reforming and almost ruining Itodo Beach in years gone by, has just started his sentence for his connection with the booze business. He is paying the penalty for hypocrisy.

In New York state a legislator has offered a bill which would make it a misdemeanor for a professional reformer to appear in public.

What would Wilbur Krafts, et al. do then?
Glendale is a busy city. Indeed, it is so busy that there isn't time for people to stand still any more.

The city council is considering an ordinance limiting parking to two hours between 9 a. m. and 5 p. m.

Even though the board of directors of the Chamber of Commerce has approved the idea, it is well for the council to consider this action further.

As one member of the Chamber expressed it, there will have to be a great deal of discretion used in enforcing the ordinance, if passed. Without carping criticism, it is best never to put a law on the statute books that is not to be enforced.

And if it is enforced the sooner it will be erased.
The one great difficulty with the American public today is its attitude, briefly told in the phrase: "Thou shalt not." And after saying that, the populace goes out and does as it doggone pleases.

The truth of the matter is that several merchants think their trade would improve if cars were not parked in front of their stores all day. Granting that, would it not be better to have an ordinance forcing cars to move during the noon hour? This would eliminate the machines parked here while their owners go to Los Angeles. And it wouldn't interfere with the local business men.

If you have not seen the art show at the chamber of commerce, go to night. The small admission price is nothing compared with the enjoyment of refinement found in an exhibit of sculptures and paintings.

Some of the biggest business deals ever put over in Glendale are under way this week. Just watch the fast-growing city in America go a little faster.

Betty Compsion Is French Apache Girl

Betty Compsion, the magnetic Paramount star, never appeared in a more delightful screen characterization than that of a French Apache girl who later reforms, in her latest starring vehicle, "The Green Temptation," which was shown with great success at the T. D. & L. theatre yesterday. Her support is exceptionally clever, her leading man being Mahlon Hamilton, who appears to marked advantage. Theodore Kosloff is seen as a typical Apache. The picture is a succession of thrills and is well worth seeing.

Lloyd Hamilton's latest comedy, "The Rainmaker," is one of the best comedies seen here in a long while. It shook the theatre with laughter. The sketch, "Kalypso," a farce comedy of 20 minutes' time, presented at the evening performances only, was received by an appreciative audience.

B. W. Sherwood Gets Contracts for Houses

Contracts for three new houses have been received by B. W. Sherwood, 313 South Brand boulevard, and the work has been started. One of the houses is being built for Frank Welch at 1815 West Oxford. This house will be of colonial style. An English cottage will be built for R. M. Wood in South Pasadena and a five-room Spanish bungalow for Mrs. Nieta Price, 14 South Fremont street, Alhambra.

HARRY BROLASKI TO PRISON

SAN FRANCISCO, April 26.—Harry Brolaski, convicted as the "master mind" of a statewide bootlegging ring, former mayor of Redondo Beach and a figure in politics, has left for McNeil's Island to begin serving the two-year sentence imposed upon him in federal court. Brolaski gave himself up and asked that his sentence begin at once. The Supreme Court of the United States had recently denied him a new trial.

TEA AND INCENSE ARE LACKING AT ART DISPLAY

But Artists and Their Efforts Are There In Satisfying Numbers and Variety

(Continued from Page 1)

brief bit about Mr. Sayre's wonderful work.
Harold Swartz, secretary of Sculptors' Guild of Southern California, under the auspices of which the show was staged, was called upon and, after a few chosen words of appreciation, he introduced Ella Buchanan, acting president of guild, Carlo Romanelli, May Mott-Smith, Lora W. Steere, and Frank C. Wamsley while Finn Haakon Frohlich skipped out when it came to personal appearances.

Bert Short, of the California Academy of Music, who is acting as impresario for this Art Show, also aided in the evening's entertainment and it was announced that 2500 school children will be afforded the opportunity of seeing this display during the daytime the balance of this week. There are 96 pieces of sculpture and about forty paintings on exhibition and each evening there will be a change of program. Twenty-five cents admission is charged to defray expenses of moving the vast amount of art work.

Tonight the Shrine club orchestra, directed by A. M. Kelley, will furnish incidental music and Carlo Romanelli will have Clara Kimball Young and party as special guests. He is doing a bust for the famous film star. The doors will open to the public at 3 and 7:30 p. m.

Mrs. Lora W. Steere is providing a real treat for the school children visiting the exhibition today by modeling in clay while Harold Swartz, secretary of the Sculptors' guild, is explaining the different models. Mr. Rhoades also is making a short talk to each class and encouraging the ambitious in art.

Zane Grey Story Is Pictured at Glendale

Oftentimes motion pictures based on popular novels depart materially from the book in the progress of development upon the screen. It is said, however, that the big William Fox production, "The Last Trail," which is to open an engagement here today at the Glendale theatre, follows closely the story as Zane Grey wrote it. This is not strange, for surely the novel—as everyone who has read it will probably admit—contains enough stirring situations and strongly drawn characters to meet the demands of any picture producer.

In the company are Maurice Flynn (recently made a star), Eva Novak the charming, Rosemary Theby the beautiful, Wallace Beery, Charles K. French, Francis McDonald, Harry Springer and Harry Dunkinson.

The other attractions on the bill are equally as interesting.

Triplex Bungalow by S. S. Beran Company

A contract to build a triplex bungalow for C. E. Carlson at Monrovia has been received by the S. S. Beran company, contractors and builders, with offices at 307 South Brand boulevard. The Beran company is making a specialty of these triplex plans, which are understood to be something new around Glendale. The triplex house for Mr. Carlson will be finished within sixty-five days, if the contract is lived up to, announced Mr. Beran this morning. Mr. Beran also reported that a house for M. A. Stumpf, 129 East Fairview will be finished in a few days.

Some men never realize the true value of money until they try to make a touch.
